### **Sickness & Distress:**

**Paul A. Cole, KCT, PGC:** Paul underwent emergency surgery Tuesday on a perforated bowel. The poison from the bowel is throughout his system, and they are in the process trying to clear it out.

**Update 7/18:** Started chemo-therapy today 7/18/12. Taking Xeloda twice each day for 14 days, followed by 7 days rest and lab work as 1 cycle. It will take a total of 8 cycles or 24 weeks. If all goes to plan will complete chemo on 1/2/2013. God bless everyone; am so grateful for the care and concern of so many loving friends. Thank you! F&S in Christian Freemasonry, Templary and Fraternal Love, Paul

**John Bridegroom's Daughter Phoenix,** Arch 1 Officer Grand Council

**Update 6/19:** Hello everyone! Phoenix is doing very well this past month or so. She is feeling pretty good. She is active and happy for the most part. She is entering into a short recovery period, which will give her a bit of a break from the intense chemo treatments. She will begin Direct Cranial Radiation sometime soon, and that will be a ten day process. We are hoping it will not be severely taxing on her. We are grateful for the progress she has made, and I was feeling blessed to share Fathers day with my baby! Thank you all for being concerned still and for being strong enough to continue your prayers during these long treatments. It is making a difference and so far the summer has been good to her! She has a long road, and it has ups and downs, but our destination is recovery and we will keep moving until we find ourselves there! John

**Update 7/2:** Phoenix was able to get started on her oral (at home) chemo on Friday, which means her body has finally recovered from the last round of infused chemo, so yay for that. We are going to visit University Hospital tomorrow morning for a consultation and exam with her radiation doctor and team. After the holiday she will undergo 2 weeks of cranial radiation, to attack any cancer that may have entered her brain during her initial bleeds back in October. She is still feeling great and enjoying summer! We have had the pleasure of visiting with many of you over the past month, and it has SO rejuvenated our spirits! We love you all.

**Update 7/10:** Our little girl begins her Direct Cranial Radiation this morning. She must undergo direct radiation to her brain and her yes for 12 days. Please, if you can spare them, send your prayers over the next couple weeks. Pray that the side effects are minimal, pray that she feels good throughout, and most of all pray that this does its job and kills every last cancer cell hiding in these areas. Thank you for your love and support, we are at another turning point in Phoenix's recovery and we need you now. God Bless.

**Update 7/25:** Another milestone: Phoenix finished her radiation treatments today! She has been feeling well...playing, swimming, and being a 6 year old. I cannot express how blessed we feel to have escaped the long list of possible side effects so far. We are so thrilled to be back at home! Her next set of chemotherapy begins August 6th.

**Update 8/13:** Short update: Phoenix had her 2nd doses of chemo today (in this phase) & her doc said she looks great, given where she is at. She is neutropenic, so she is tired & moody, & we will have to watch her closely for infections. She will continue to be at home as long as she stays fever/pain free. We have enjoyed our summer & are so thankful for our time outside of the hospital. Please continue to pray for her as we head into the tough weeks ahead. Many thanks & much love to you all.

**Update 8/27:** Today Phoenix is getting her last doses of chemo, for this particular round. Her docs said that she is looking good, & all of her blood work was great today. She is scheduled to start a new chemo set next week, as long as her blood counts meet the criteria. We will be at Riley to begin this new set, as

it contains an 8 hour infusion, spinal tap, & a second, shorter infusion over 3 days. We appreciate your continued prayers & support more than you can imagine! Tammy

**Fay Roberts:** Lady Fay went back into the Hospital today (7/30) after a routine blood checkup revealed that her numbers were all off. She was admitted and had a throat scope, but no results yet. Bobby expects her to be in the hospital for about a week. St Vincent Carmel Hospital, 13500 Meridian, Carmel, IN 46032; (317) 582-7000

**Update:** Lady Fay is now home and doing better. She was having a problem assimilating nutrients into her body.

**Update:** SK Bobby and Lady Fay were able to attend the Michigan Grand Conclave last week.

**Adam E. Jackson, DBC:** I just received a call from Mike Ritter, GG who informed me that Adam Jackson was in a serious motorcycle accident down in Barnsdull, OK. This is why Mike had to cancel the Battalion IV Meeting scheduled for July 21, 2012. Mike took Clorissa down to Oklahoma to help tend to Adam. Adam broke his leg in 2 places, his ankle, his collar bone, and has abrasions on his right arm and leg. He got a concussion and had to have 6 staples in his head. He has lost his memory and most likely would not recognize you or your voice. We are all hopeful that his memory will return soon. Please keep Adam and his family in your prayers. Cards may be sent to: Adam E. Jackson, 1700 E Ann St., Muncie IN 47303-9585; Larry V

**From Adam Jackson:** Larry I was hoping you could send this out for me. I want to thank everyone for their prayers and cards. I am doing well and healing fast all except for my memory. So please bear with me as I might not know you if you call; but I am working on it. You don't know how much it means to me to have such great people keeping me in their thoughts. I found out there was a bad part on the bike from the factory and they have fixed it. I have been up and around even with the broken leg. They said it is fine for short periods of time but then I have to get off it again. Thank you brothers and God bless. Adam

**Update:** Adam has been around some since his accident. He is recognizing faces but still having a hard time putting names to them. (I can understand that problem). Larry V

**George Weister, Grand Chaplain:** Had a call from Brother George a day or so ago and he is now in Methodist Hospital in Indy. He suffered a setback in his knee and the infection issue has returned. It is a bacterial infection not a viral. They said they opened his knee from both sides and have been draining fluid from it trying to get it cleared up. He expects to be at Indy probably this week and is not ready for visitors as yet. Will let us know when he can handle visitors. They are hoping that the draining will help clear out the infection and then they can put him back on his feet again and watch it closely to be sure it clears up. He was in very good spirits and tells all "Hello" and appreciates your prayers for him and Sandi. Will keep you posted as news becomes available! Virgil

### **Think about it:**

## **DO SOMETHING!**

During difficulties, people often look at their circumstances and feel that they have no power to change things. Usually, they will either complain, or simply *do nothing*. Just as it only takes one candle to illuminate the darkness, those solitary individuals who choose to *do something* become instruments of change.

You may feel that your actions don't matter. You may feel that you can't possibly make a difference. You may feel that it is pointless to try to improve things. But, you are *one*. All that is needed to change the world is *one person* taking action. As we take the first step, we set the wheels of change into motion. By doing what is right, standing up for our beliefs, and speaking out, we make the world a better place. Be a light for others so that they can become inspired to improve the world around them.

**What SOMETHING are you going to do TODAY?**

WARNING TO US ALL!!!  
Shampoo Warning!  
I don't know WHY I didn't figure this out sooner!  
I use shampoo in the shower!  
When I wash my hair, the shampoo runs down my whole body, and Printed very clearly on the shampoo label is this warning, "FOR EXTRA BODY AND VOLUME."  
No wonder I have been gaining weight!  
Well! I have gotten rid of that shampoo and I am going to start showering with Dawn dish soap instead. Its label reads, "DISSOLVES FAT THAT IS OTHERWISE DIFFICULT TO REMOVE."  
Problem solved!
